Dear Members of the Graduating Class of 1997:

Congratulations seniors upon the successful completion of your high school careers. Four years ago you came to Southeastern from nine different communities. Time passed quickly and you are a member of the twenty-ninth class to graduate from Southeastern. Your time here has afforded you the opportunity to acquire skills necessary for personal and career success. Your future experiences will include full-time employment, marriage, community activities and time spent with family members.

Previous graduates were also fortunate to experience vocational-technical education and new opportunities, and doors were opened to them as graduates of Southeastern.

Freshman students who entered Southeastern in September will graduate in the year two thousand. You will also share this milestone in three short years. I am positive that the training you have received and the friendships you have made will guarantee your success and happiness in the years ahead.

I congratulate you and wish every success and happiness now and in the next millennium.

Yours Truly,

Paul K. O'Leary

PRINCIPAL

Dear Graduates Of the Class Of 1997:

Preparing for the future is among the most important responsibilities we face today in the United States of America. Our leadership home and abroad and our growing economy and national security rest on an educated, well-trained community capable of achieving high standards and competing in a global market.

During these last four years it is our hope, (your parents, faculty, and administration), that you have attained these valuable attributes, and that you will nurture them as you go through life. Set your goals so that they can be achieved in an admirable manner and continue to pursue lifelong learning.

You will be witness to many changes in your lifetime - meet them head on and learn to work through them as wisely as you can. Always remember where the foundation for your success was laid and keep Southeastern foremost in your mind. Good luck to you now and in future times.

Sincerely,

Patrick H. O'Neill
